## CONSERVATIVE MEETING

FULFORD HARBOR, Oct. 8.—Mr. C. H. Dickie, Conservative candidate in the Nanaimo federal riding and representative of that constituency in the last Dominion parliament, held a meeting in the hall here on Saturday, Oct. 3. A large audience was present and the speakers were Mr. C. H. Dickie, M.P.; Col. C. W. Peck, V.C., M.P.P.; Mr. H. Despard Twigg, M.P.P., and Senator Green. Mr. W. J. L. Hamilton was in the chair.

The meeting was very interesting and the speakers brought out many points in the Conservative platform which they believed would be beneficial to the country if put into practice. The meeting ended with the singing of the National Anthem and three hearty cheers for the speakers. We rather wished there had been a little "hot air" to warm the hall, as the furnace is not in working order yet and the night was chilly.

## 17,000 MILES OF ROADS

Hon. W. H. Sutherland, Minister of Public Works, addressing the convention of the Good Roads League in Victoria, stated that the province now has over 17,000 miles of roads and 8,000 miles of trails. The program being made with the highway through the Fraser Canyon is such that the work is expected to be completed next summer. The minister explained legislation dealing with heavy passenger buses which he will introduce at the coming session. This will be designed to protect the users of the highway from the dangers of big buses and trucks and also prevent the destruction of the road surface by undue weights and speeds of vehicles.

It was further decided to have the remaining four acres underdrained this fall.

To raise funds for this purpose it was decided to hold a benefit dance the 23rd of this month.

A further meeting of the trustees was held on Monday evening in the same place and further arrangements for the dance were made.

Messrs. Copeland & Wright have kindly undertaken to install one of the very latest radios for this purpose.

The North Saanich Women's Institute are undertaking the catering for the evening and a good supper will be provided.

## GREAT COMEDY SHOWING AT THE AUDITORIUM THIS WEEK

### SIDNEY PUBLIC SCHOOL WINS FIVE TIMES IN SUCCESSION

In our last issue we stated that the Sidney school had won four times in succession, but learn that five times is the right number of wins. The first time there was no cup for competition. The following year the David Spencer cup was put up and Sidney came into possession of same by winning three years in succession. This year the winning streak continued and the new cup was brought to Sidney and no doubt strenuous efforts will be made the coming two years to take possession of it also.

The following shows how the Sidney youngsters rolled up their big score against eight other schools at Saanichton last week:

### Sports

100 yards, boys—2, Dudley Harvey.

Relay race, boys, two to team, 440 yards—1, Stanley Coward and Melvin Clanton; 2, Howard Olsen and David Elliott.

Three-legged race, boys under 10—1, Raymond Byers and Pook Lim.

High jump, boys, any age—3, Melvin Clanton.

High jump, boys under 14—1, Howard Olsen.

Broad jump, boys under 15—1, Howard Olsen.

Obstacle race, boys, any age—1, Pat Clanton.

Wheelbarrow race, boys, any age (Continued on Page Five.)

## BASKETBALL MEETING

Mr. Stanley Wagg was re-elected president, Miss Ruth Holt elected vice-president, Mr. Gerald Ringwood, secretary-treasurer. Captain—Cyril Wagg. Vice-captain—Joe Akerman. Committee—Cyril Wagg, W. Palmer, Joe Akerman and Jessie Bond. Auditors—Wm. Norton and O. Stacey.

## CARD PARTY

DEEP COVE, Oct. 8.—The first of the weekly card parties of the season was held in the club hall on Monday evening by the members of the Deep Cove Social Club. A very enjoyable evening was spent at progressive 500, seven tables being occupied. The ladies' first prize was awarded to Miss May Copithorne and the gentleman's to Mr. Alan Calvert. Consolation prizes were presented to Mrs. S. Roberts and Mr. Mears. The prizes for the evening were donated by Mr. J. Copithorne. After the game a delicious supper was served by Mrs. Calvert, who was aided by Mrs. Mears.

## LADIES' MEETING

DEEP COVE, Oct. 8.—The lady members of the Deep Cove Social Club held a meeting in the club hall on Monday evening under the presidency of Mrs. Geo. McLean. After the reading of the minutes by the secretary, Mrs. Thomas, further plans for the Bazaar and Country Fair to be held on Nov. 6, were discussed. A great deal of very beautiful work was handed in which ought to make the bazaar a very successful affair.

There was a good attendance of enthusiastic members and the meeting adjourned at 8.30.

## LIBERAL MEETING

On Tuesday night of the Auditorium, Sidney, Thomas B. Booth, the Liberal candidate in the Nanaimo constituency, addressed a large meeting of local residents, expounding the Liberal platform and pointing out what the Liberals believed was the best course for Canada to follow during the coming five years. Mr. C. H. O'Halloran and Mr. A. McDonald also addressed the gathering.

Solos were rendered during the evening by Mrs. B. M. Morton, of Victoria, Mrs. G. A. Downard accompanying the singer on the piano. The two ladies being tendered a very hearty vote of thanks by the meeting.

New York City, with its ultra-fashionable residential and theatrical district, the bright lights, colorful cafe scenes, bizarre costumes and all the wealth and naughtiness of the big town. Against this background "Changing Husbands" unravels its story of two girls, the first a charming, prominent club member who longs for a stage career, a sparkling and attractive young wife, bored with all the luxury to which she has been accustomed, the other a timid home-loving girl whom fate has thrown on the stage.

And Learie Joy plays them both! Two girls with but a single thought—happiness.

They change places, and overnight inherit a husband and a sweetheart, respectively.

Remember "Why Change Your Wife?" and "Don't Change Your Husband?" Well, "Changing Husbands" has them both stopped, and that's going some when exhibitors remember that these two earlier productions since their release have been the standards of comparison for all matrimonial comedy-dramas. They were both produced by the master-showman, De Mille. So was this one, for De Mille, in addition to making his own wonderful pictures, is personally supervising two or three Paramount productions a year, and "Changing Husbands" is the first of these.

Stop and think for a minute what would happen if you were to suddenly change places with a person totally unknown to you for a given space of time and by so doing come into a husband without even a formal introduction or the inconvenience of a ceremony. What would you do? How would you act? Suppose you were up against the problem of making a choice between a home and a career. What would you do?

It's a safe bet you'd do just as Miss Joy does in "Changing Husbands." That's how really human the picture is. It's a story of something that might happen to any young girl—a matrimonial mix-up you might term it. Entertaining? You said it!

Miss Joy first appears as the wealthy Gwynne Evans. She meets Eva Graham, the actress (a role also played by Miss Joy). The pair are thrown together entirely through accident when Gwynne, after making the rounds of the theatrical agencies and learning that New York managers are not waiting with open arms for any (Continued on Page Two)

## NORTH SAANICH SOCIAL CLUB

Quite a large number of members gathered at the club rooms on the School Cross Road last Saturday night to attend the first progressive card party of the above club. Military 500 was played at 14 tables. For those who did not play 500 tables for bridge, chess, cribbage, etc., were provided. A set of parcels was also supplied for use by the younger members. The ladies' first prize was won by Mrs. J. Robinson, while Messrs. Geo. Clark, Geo. E. MacLean and W. MacInnoye cut off for the gentlemen's prize, Mr. Geo. Clark winning the cut.

Several members were competitors for the consolation prize. A lot of interest is being taken in the formation of an orchestra by the members of the club. A well skilled musician has volunteered to act as conductor. If you are of a musical turn of mind, and wish to play in the orchestra, see the president or secretary about joining the club. You will be welcome.

A smoker is on the cards for the 27th inst. All gentlemen are invited.

The sports committee are endeavoring to organize a soccer team. All interested are invited to see Mr. Hall or Mr. Danbury.

Mr. W. Bonner is conducting a dancing class for beginners every Tuesday evening. Many applications have been received to join this class.

Mrs. Runtan, who had temporary quarters at the Sidney Hotel for her cleaning and pressing establishment is now located on Beacon Avenue, next door to the Flying Line Stage waiting room.

## DIRECT CONTACT

People with radios can follow the leaders of the different political parties in their speeches and hear exactly what they say. The day has gone when a partisan newspaper can twist a speech around to suit their own purpose. The influence of the great partisan dailies has become noticeably weaker during the last few years. The peddling of too much bunk has caused people to take most of their editorials with a considerable quantity of salt. People have come to realize that most of the editors write what they are instructed to write—not what they think themselves. The day of red-hot roorbacks and stampeding of voters is practically a thing of the past. Today, as never before, people are doing more thinking of their own and do not fall so easy for the overzealous party worker on the spur of the moment and then feel like kicking themselves afterwards.

The direct contact that radio offers will help a great deal in creating a better understanding among the various sections of Canada.

One of the finest beaches we have seen in our travels around this section of the world is over at Sidney Island. There is a beautiful beach of the very finest grey sand. Some day someone will start up a summer resort on this island and do a flourishing business. Wonder who will tackle the proposition?

Jack Greenwood, the local wrestler, has apparently added a Star to his "training camp." We are unable to figure this out. Is this a conveyance for taking home the contenders for his title from Matthews' big new hall this winter, or is it to make a quick get-away if Strangler Lewis should hoove in sight?

## GREAT COMEDY SHOWING AT THE AUDITORIUM THIS WEEK

(Continued from Page One.)

budding amateur talent, is mistaken for the actress, her double.

Then the two plotters get their heads together, with Gwynne doing most of the plotting, and with the outcome of their nefarious scheme the pair switch social positions. Eva takes up her abode in Gwynne's Park Ave. apartment, and Gwynne successfully substitutes for Eva on the stage, finances the show when it is about to go under by pawing her pearl necklace and is made the star of the piece.

What of Eva in the meantime. She finds herself in anything but a comfortable position, but she won't go back on her friend. Gwynne's husband returns unexpectedly and, with only a passing remark about the remarkable change in his wife's personality, prepares to take her for a visit to his mother. Poor Eva! What to do? What to do?

The picture settles question. See it at the Auditorium, Sidney, next Friday and Saturday nights.

## POSTPONEMENT WELCOMED

The postponement of the opening of the legislature from October 26 to 27, November 2 has been received with general satisfaction throughout the province, according to advices received by the various provincial ministers. All parties appear to be agreed that with a federal election called for October 29 it is only fair to set back the opening of the session for a week.

## NOT SO MUCH BETTING

Returns prepared by the provincial Taxation Department show that during this year's racing season the total amount wagered was \$3,318,304 as compared with \$6,397,565 last year. The revenue received by the province from the pari-mutuel tax this year was \$167,071, compared with \$311,882 last year. This amount is distributed among the municipalities.

## HOLIDAYS OVERSEAS ATTRACT MANY CANADIANS

CHRISTMAS at home has a charm for the average Briton that is not to be denied, for nowhere in the world is there a greater observance of the old Yuletide customs than that which prevails in the British Isles. Friends and relatives of those who have come to this country to make their home in the new Dominion, look forward every year to the coming of the winter season, knowing that this is the time when the people of Western Canada have the time at their disposal for lengthy holidays necessary to enjoy ocean travel.

This year passenger travel to Great Britain and to other continental countries, promises to be heavier than for many years, according to officials of the Canadian

National Railways in Western Canada, who state the preliminary inquiries already received indicate that more people are figuring on holidays abroad during the coming winter than for some time. Accordingly, officials of the National System are now making their plans for the handling of such business and the provision of Canadian National service between Western Canada and the Atlantic seaboard for the convenience of those who plan overseas trips. Canadian National agents at all points will again ticket passengers on all steamship lines, and, as the traffic warrants, special trains carrying both day coaches and sleeping cars will be operated from various western points direct to the boats' side at Montreal, Quebec, Halifax and other ports.

The charm of English scenery, coupled with that of old associations, draws just as strongly today as ever, and to many a Western Canadian, these winter holidays give the one opportunity of visiting the old homeland scenes and mingling again with childhood friends and with those members of the family left behind when he or she sailed for Canada to find a home in the new Dominion.

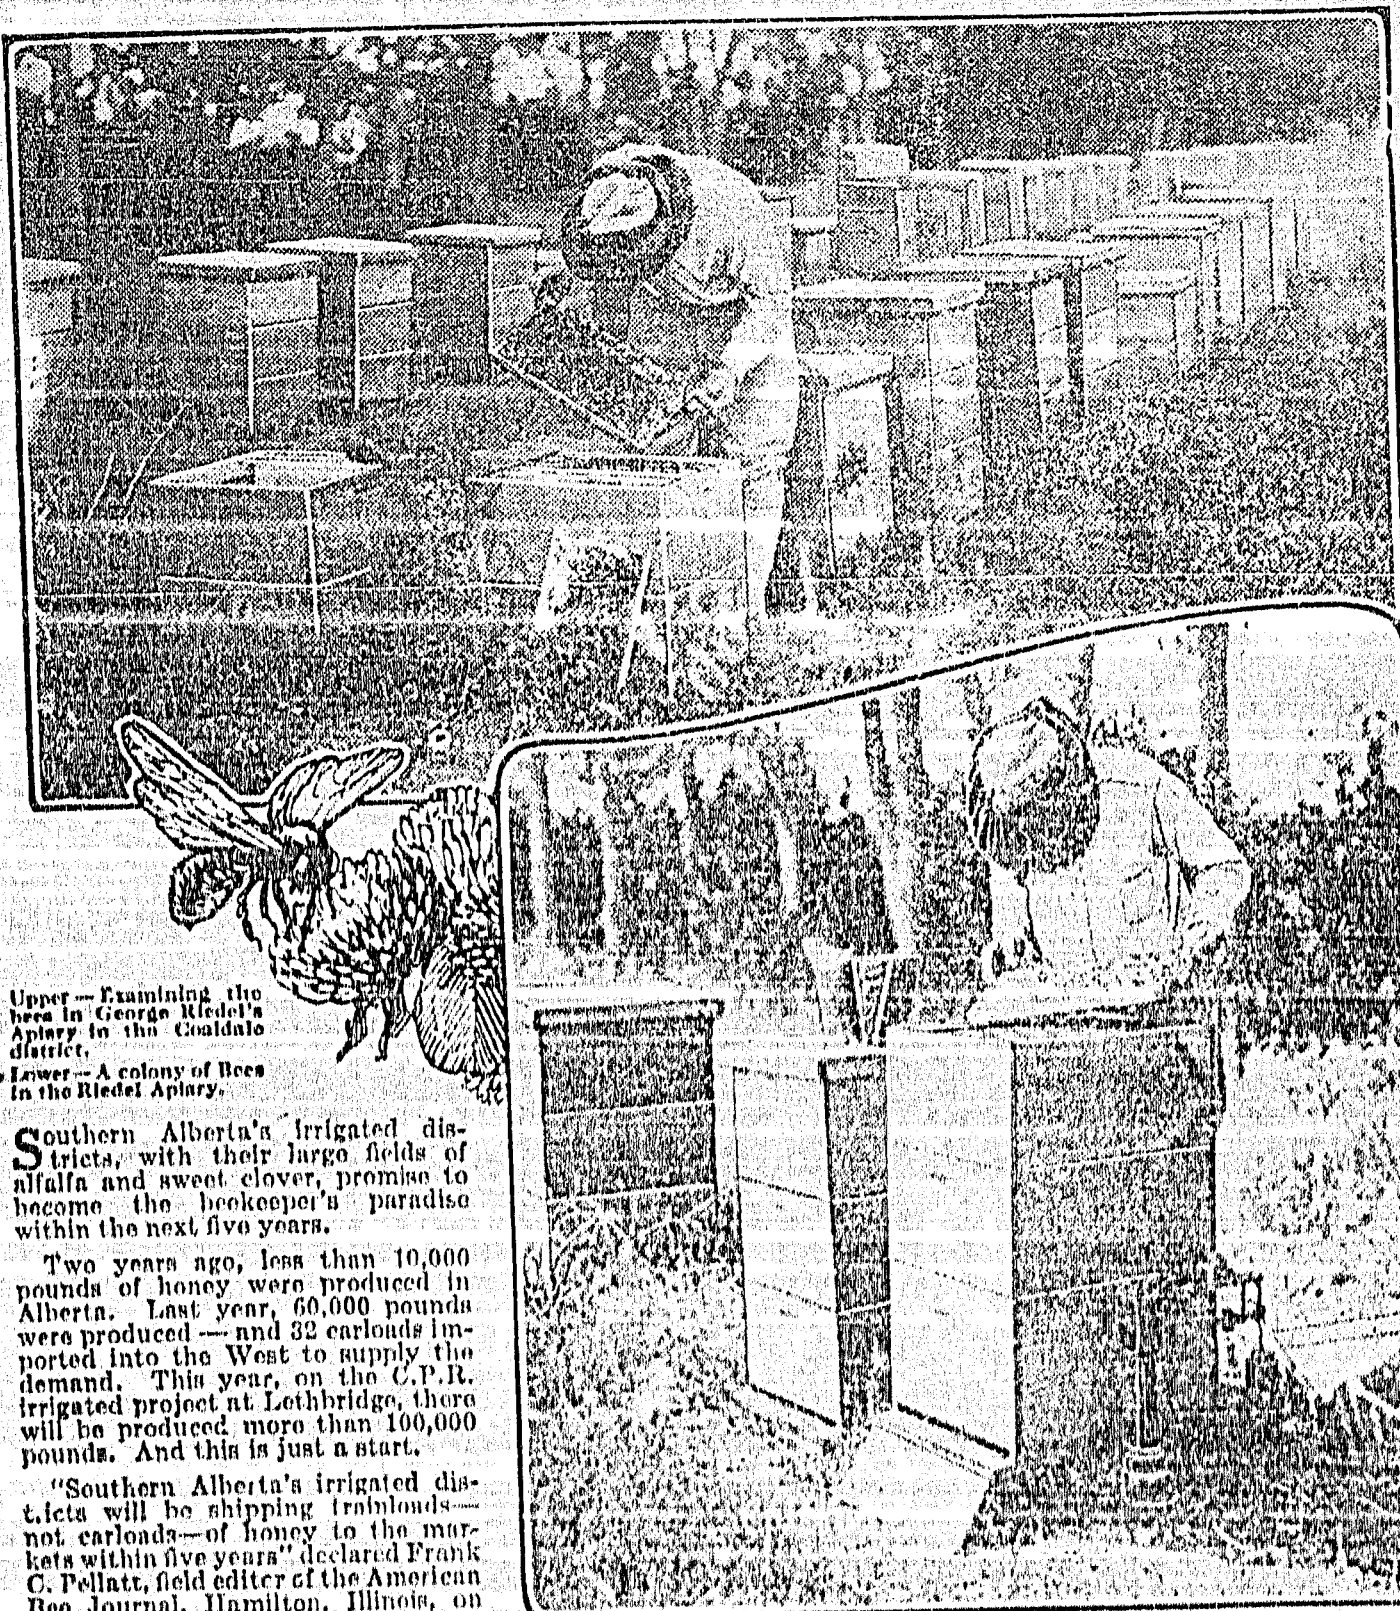

Rates and dates of sailings and special trains will shortly be announced by the Canadian National Railways.

### Southern Alberta is Beekeeper's Paradise

Upper—Examining the bees in George Riedel's Apiary in the Coalville district.  
Lower—A colony of bees in the Riedel Apiary.

Southern Alberta's irrigated districts, with their large fields of alfalfa and sweet clover, promise to become the beekeeper's paradise within the next five years.

Two years ago, less than 10,000 pounds of honey were produced in Alberta. Last year, 60,000 pounds were produced—and 32 carloads imported into the West to supply the demand. This year, on the C.P.R. irrigated project at Lethbridge, there will be produced more than 100,000 pounds. And this is just a start.

"Southern Alberta's irrigated districts will be shipping trainloads—not carloads—of honey to the markets within five years," declared Frank C. Pollard, field editor of the American Bee Journal, Hamilton, Illinois, on the occasion of his visit to Southern Alberta late in July this year. "This is the greatest potential honey producing district in North America."

Today, one apiarist in the Coalville district on the C.P.R. irrigated project has 600 colonies of bees. This man, C. George Riedel, came to Southern Alberta from California in the spring of 1924 and started with 200 colonies. In 1926 he will have

1800 colonies and will make more than 150 tons of honey. This year his bees will make him about 50 tons, and one wholesale firm is having branches throughout the West handling the whole output.

Each colony of bees makes about 200 pounds in a season, though one colony at the Lethbridge Experimental Farm broke all records for Canada by making 472 pounds in the season of 1923. A record of 21 pounds in one day by one colony was made in 1923 when the bees at the Experimental Farm averaged 189 pounds for the season, the high record for the year at the experimental farms across Canada.

## The Review Job Printing Dept.

We are in a position to handle job work in a satisfactory manner, and will appreciate any orders received. The Review plant is well equipped in every way, being the largest and most up-to-date of any found in a town the size of Sidney. We have added considerable equipment to the Review plant during the past year or so in order to be in a position to successfully handle anything that may be placed in our hands in the commercial job printing line. The Review has had splendid support in this direction, and this fact is very much appreciated. If at any time our customers are not satisfied we hope they will tell us so, and we will endeavor to make it right. We go on the principle that only the very best work is wanted by our many customers, and we endeavor to give them what they want. To those who have printing to be done, we ask them to give us a chance to do it. We feel sure that our prices will be found reasonable, consistent with good workmanship.

## VICTORIA NOTES

That no investor in British Co-  
lumbia municipal bonds has yet lost  
a dollar, although some municipali-  
ties have had their financial trouble,  
was the cheering statement made to  
the Union of B.C. Municipalities at  
its recent meeting in Victoria by the  
Inspector of Municipalities. The  
record was one, he said, of which the  
province might well be proud. It  
detailed the difficulties which had to  
be met by some cities since the war,  
requiring legislative action and in-  
come taxes, but these have all passed and  
the municipalities affected are again  
in good shape financially. For the

RT. HON. W. L. MACKENZIE KING

# Premier King has said: "I Promise the West Impartial Justice and Equal Treatment"

His famous Order-in-Council is concrete evidence that  
he means to carry out this policy. The Order reads:

"The Committee are of the opinion that the  
policy of equalization of freight rates should  
be recognized as being the only means of  
dealing equitably with all parts of Canada, and  
as a means of encouragement of industry and  
agriculture, and the development of export  
trade."

Contrast this policy with the statement of Mr. Meighen,  
which his followers—the Conservative Candidates—will  
be compelled to support by reason of the pledges of the  
Conservative Candidates in the East. Meighen said:

"There has been a measure of relief for the  
West by means of equalization of freight  
rates, which is utterly indefensible."

There you have the policy as it will be applied to the  
West, of the two parties who now ask your endorsement.  
The policy of the Liberal Candidates is to populate the  
West. Population will come where it is profitable to  
live. Open Canada's natural trade routes to the world's  
markets, for the tremendous natural resources of the  
West. Equalize freight rates Westward, and you will  
have turned the key that unlocks the door to prosperity.

A definite example of what these discriminating rates  
are costing the West—as they affect the fruit growers of  
British Columbia—is found in these figures:

From Grimsby to Montreal, it is 300 miles—  
and the rate is 95c per 100 lbs.  
From Vernon to Calgary, it is 340 miles—and  
the rate is \$2.40 per 100 lbs.

The same discrimination is applicable to all lines of  
Western production. This is startlingly evident when  
you ascertain that in the six years previous to 1921, the  
West contributed \$174,000,000 net profit to the Cana-  
dian Pacific Railway, while the East, with its greater  
population, contributed but \$81,500,000—less than half.

You must decide whether the man you send to Ottawa  
shall be controlled by the Canadian Pacific Railway and  
the interests of the East—who, for narrow, selfish  
reasons are antagonistic to the West—or, whether you  
will send a man to support a leader in the person of  
the Rt. Hon. W. L. Mackenzie King, who believes he is  
serving the best interests of the whole Dominion by  
giving impartial justice and equal treatment to the West.

to be a great success.

At the convention of the Union  
of British Columbia Municipalities  
held in Victoria it was stated by

Premier Oliver that provincial  
grants to municipalities out of pro-  
vincial revenues is greater than the  
revenue received by the province  
from within municipal boundaries.  
The premier made this statement

when referring to a request that the  
municipalities be given a portion of  
the gasoline tax. In explaining why  
this request could not be granted, he

stated that the receipts from the  
gasoline tax are used to pay the  
charges on the money borrowed for  
highway purposes.

to state that the government

agitation in some quarters for such a  
step, although this form of taxation  
is very old and is in general force  
throughout the civilized world. As  
the minister points out, if this  
source of revenue was to be done  
away with it would be necessary to

## Canada's Wool, Woollen and Knit Goods Industry at the C. N. E.

1. Mrs. Cockshutt, wife of the Lt.-Gov. of Ontario, looking exceedingly smart in an "all-Canadian" costume, in which she attended the opening of the Canadian Woollen Goods exhibit at the C. N. E. The two-piece sports costume is of navy blue, trimmed with grey at the collar, cuffs and pockets, the wool being grown, spun, dyed and knitted in Canada. The ensemble cost is of grey marvella, a magnificent specimen of pile cloth with a silken finish from a Canadian loom. The coat has a straight back with goatee front, with a shawl collar and cuffs of grey Canadian baby lamb, lined with grey felt crepe silk produced by the silk industry of Canada. Grey shoes and stockings, and a purple cloche hat, completed the "all-Canadian" costume.

2. Exhibit of Canadian Woollen Knit Goods machinery at the C.N.E.

3. His Honor the Lieutenant Governor of Ontario opening the exhibit of Canada's Wool, Woollen and Knit Goods Industry at the C. N. E. He is seen wearing a suit of milled worsted made from wool grown on the Alberta ranch of H. R. B. The Prince of Wales. Mrs. Cockshutt is looking at the prize bred Canadian lamb presented to her by the officers of the Canadian Co-operative Wool Growers' Association.

Tens of thousands of people obtained an entirely new idea of the wool growing and wool manufacturing possibilities in Canada at the exhibit of the Wool, Woollen and Knit Goods Industry at the Canadian National Exhibition. The pillars of wool from the nine provinces of Canada supplied by the Canadian Co-operative Wool Growers Association excited considerable comment, and emphasized the fact that although we maintain only 2,500,000 sheep and lambs in Canada, the size, feed conditions and climate would permit the keeping of 25,000,000, and that sheep keeping is the most profitable branch of agriculture. Also that of the 70,000,000 lbs. of wool used annually to clothe the population of our country, some 50,000,000 could be grown here instead of only 15,000,000 lbs. as at present. The small factory installed with twenty operatives showed the actual manufacture in Canada of fine woollen and worsted yarns, the weaving of fine blankets, woollen cloth and worsted cloth, and the knitting machines making underwear and hosiery. It was a miniature representation of the work that is being done in over two hundred and seventy woollen and knitting mills in over one hundred and forty municipalities.

The finished goods display, which showed what the completed goods look like after being made on the machines, showed that in quality and style the \$75,000,000 worth of goods produced by the industry annually were equal, and in many cases better, than goods made abroad. It conclusively showed that so far as climatic, physical and technical conditions in Canada are concerned there is no reason why 90% of the woollen and knit goods used in Canada should not be produced in Canada.
